The Honorable Robert B. Anderson
Secretary of the Treasury
Washington 25, D. C.

Dear Mr. Anderson:

I have your letter of April 8, 1958, concerning the status of the 1958 Federal Service Health Campaign and the Federal Service Joint Crusade.

As you requested, I have reviewed our progress. To date, reports have been received covering solicitation of about 63 per cent of our employees. Contributions to the Health Campaign have been made by 66 per cent of the group reported, and the dollar total of approximately \$14,000 represents 85 per cent of the total amount allocated to the health programs from last year's Consolidated Campaign. Contributions have been made to the Joint Crusade to date by 48 per cent of the group reported, and amount to approximately \$5,600, which is substantially in excess of the sum allocated to these agencies from last year's Consolidated Campaign.

I appreciate your concern for the success of these campaigns and will continue to urge wholehearted participation by our employees.

Sincerely,

Allen W. Dulles
Director
